When respiratory tract infections strike*

FIGHT BACTERIA

Get hard-hitting, fast results with once-daily Avelox.

- Effective against a broad spectrum of pathogens including penicillin-resistant *Streptococcus pneumoniae*, atypicals, and gram-negatives
- Fast penetration—peak tissue levels in just 3 hours*
- Fast eradication of S pneumoniae—99.9% within 2 hours*
- Faster recovery time and less need for additional antibiotics vs comparators

*Avelox is indicated for Acute Bacterial Exacerbation of Chronic Bronchitis, Acute Bacterial Sinusitis, and Community-acquired Pneumonia. Use in combination with other medical therapies.

Fluorinated quinolones is regarded as essential to therapeutic efficacy, but penetration levels have not been compared with specific respiratory therapy. See all of the literature after initial dose.
