

Help for Fibromyalgia pain can start here.  
Ask your doctor about Lyrica.<sup>®</sup>

A woman with short white hair, wearing a red top and a necklace, is holding a white sign with the Lyrica logo. The background shows an outdoor setting with other people and a building.

From Fibromyalgia (the real, widespread muscle pain that also makes daily tasks difficult), to neuropathic Lyrica (LYRICA<sup>®</sup>), it's not an understatement: Lyrica is an FDA-approved treatment. And clinical studies have shown that Lyrica can help reduce the unique pain of Fibromyalgia. Lyrica helps people with Fibromyalgia accomplish their daily activities. And it helps them. Fibromyalgia, ask your doctor if Lyrica is right for you.
